List of Equipment Necessary for the Emergency Evacuation Plan

1. The list of radiation equipment, medical supplies, and surgical equipment for the emergency evacuation plan are hereby submitted.

2. These lists have been condensed from the master list and it is not believed that there is any repetition of material in the lists submitted.

3. The radiation equipment can be stored in the Health Physics Laboratory in the present infirmary and will not require a sizable amount of floor space for such storage. The perishable medical equipment contained in these lists can be used by the dispensary in [redacted] and the dispensary can in turn replace to the [redacted] supply list whatever perishable equipment is removed from this evacuation support medical list.
